The 2012 European Pony Championships has been allocated to the organizing committee of the CSIOP of Fontainebleau, driven by André Bonneau. The championships, that will take place on the famous « Grand Parquet Equestrian Stadium », will gather 4 disciplines together from 30 July to 5 August 2012: show jumping, dressage, eventing, and horse-ball. « This decision awards our investment in bringing the pony equestrian sports to the top in Fontainebleau since more than a decade. We proved that we could welcome all the best European teams and offer a great moment of sport and conviviality. We must thank the FEI and its commission for their confidence, and we hope we will do as well as all the persons who rely on our team expect, especially our sponsors. »

As a repetition, Fontainebleau will nethertheless organize the 12th Bonneau International Pony show from 20 to 22 April 2012, with an unchanged international schedule (CSIOP + CSIP).

The first details about this unique event in Europe will be revealed in few weeks.
