THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

- If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and replace the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.

- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

Within the European Union (EU), this includes EU Council Regulation (EC) No 1/2005 concerning the protection of animals during transport within the Member States of the EU.

EXAMINATION ON ARRIVAL

On arrival at an Event venue, all Horses must undergo an examination by a veterinarian to confirm their identification from their passport and micro-chip (where present), their vaccination status and general health. To protect all horses attending events, any Horse with a questionable health status with regards to vaccination, disease or other concerns, must be stabled within the isolation facilities provided by the Organising Committee pending a decision on entering the venue.

HORSE INSPECTIONS

2015 Veterinary Regulations Article 1033, Table 2

All Horses will be assessed for their orthopaedic fitness to compete during the Horse Inspection. Any Horse demonstrating questionable fitness may be referred to the Holding Box for further veterinary examination. Horses not deemed fit to compete by the Inspection Panel will not be permitted to compete.

LIMB SENSITIVITY EXAMINATION

2015 Veterinary Regulations Article 1034

Horses are not eligible to compete when a limb, or part of a limb, is hyposensitive or hypersensitive (both of which shall constitute "abnormal limb sensitivity"). Hypersensitive limbs have an excessive or abnormal reaction to palpation. Hyposensitive limbs include any alteration in sensitivity induced by a neurectomy or chemical desensitisation for as long as the alteration in sensitivity persists.

All Horses are subject to Examination under the Protocol for abnormal limb sensitivity throughout the Period of an Event, including, but not limited to, between rounds and before the Jump Off. Horses may be examined once or on multiple occasions during the Period of an Event.

IMPORTANT

*: Maximum Number of starters per competition: 100.

If more than 100 starters are declared, the OC must split the class and provide the equivalent amount of prize money for the additional Competition. OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be a different number of starters in each group. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group.

OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the actual number of starters, that determines whether the Competition must be split.

Prize Money Distribution:

Please specify under each Competition which of the two charts you will be using for the distribution of the Prize Money (Chart 1 or Chart 2, see next page).

THE APPENDIX (8 PAGES) IS PART OF THIS APPROVED AND SIGNED SCHEDULE AND MUST BE DISTRIBUTED TO ALL OFFICIALS AND NFs AND IS AVAILABLE TO OTHERS UPON REQUE

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.
