MASTERCLASSES IN COURSE AND CONCOURS DESIGN AND EQUESTRIAN

General Consideration:
Structure of Personal Investment

Nobody is or will be born as an outstanding International Course Designer.
There is a long way to get the necessary experience to become a successful
Course Designer.

If you have a look to the actually leading Course Designers worldwide you may
observe the following features

- 1 they have a considerable experience in riding and in Jumping Competitions
- 2 they are mostly multilingual
- 3 they have invested much time and money to follow best international teachers
- 4 and they have shown patience to get there, where they are now
- 5 and many of them are just not only dependent to make their living by Course
Design and selling and renting obstacles

So, if we really believe, that Course Design is our Future Passion, we should be willing to **invest in our Future as Course Designer**. Being interested to work together with the best, who are not just in fashion.
